Meeting

Blessed Mother
Teresa of Calcutta
Parish Hall

Agenda

Boston Water and Sewer Dorchester Sewer Separation

The citywide project moves to Mass Ave, Boston Street and adjoining streets this summer. The project involves separating the combined sewer system into sanitary sewer lines and storm water lines to reduce outflow of pollutants to the Harbor. **Irene McSweeney**, Director of Construction for the Project will present with her team the details including the timeline, and map of affected streets and avenues.

Sharon's Park Spruce Up Party

The Park looks better than ever but we have yet to maximize her potential. Working with our landscape advisor on embellishing the collection we already have, more annual and perennial plants, flowers and shrubs are on their way. On **June 9th**, between 10am and 2pm, we will need more hands to install these and help with trimming. In exchange for your work, we will set up a **barbecue** and **refreshments** to enjoy the late spring weather. Let us know if you have an interest by signing up at this meeting.

New McCormack Web Site

One of our E-board members, Gordon Beebe, helped to design and implement the new website for the civic group and the neighborhood. Available at www.mccormackcivic.org, the difference lies in the change from .com to .org. The site provides links to upcoming and archived meeting agendas, projects and local events, excellent links for resident resources, links to local supporting businesses, news links and photos.

Executive Board Election Nominations

Nominations are scheduled for **this meeting**. Interested volunteers are asked to step up as leaders to advocate for the neighborhood. It is your chance to get involved and lend your voice for your neighbors. If you can't attend in person, send someone to nominate you. If you know someone you would like to nominate, come out and support them. We look forward to another great year. At the June meeting, we will hold elections.
